(S) Shellfish (G) Gluten (SE) Sesame (N) Nuts (A) Alcohol  Vegetarian  Vegan  Mildly spicy  Spicy

Asian soups, celebrated for their harmonious blend of flavours and textures, are characterised by perfect simplicity. Unveiling a well-kept secret, Thai soups are renowned for delivering numerous health benefits.

Whether smooth and creamy or spicy and sour, these soups, diverse in aromas and techniques, transcend regional differences, offering a delicious blend of aromas from fresh, locally sourced ingredients.

Tom Yam Kung (s)

TRADITIONAL THAI SPICY SOUP PRAWN SOUP

A popular Thai soup with mixed vegetables and prawns that are slowly poached in spicy broth. Flavoured with lemongrass, lime leaves and seasoned with lime and fish sauce, the broth results in a salty, sour, and hot balance.

One of the most widely associated Thai dishes, it appears on every Thai restaurant menu throughout the world. It is very easy to understand why this soup has become a culinary classic using only the finest ingredients. It offers a unique blend of heat and spice with fresh Thai aromas.

Miso Soup (G)

WHITE MISO SOUP WITH TOFU, WAKAME AND SPRING ONION

A traditional soybean-based soup is crafted through the art of fermenting soybeans. A rich umami paste, born from the fermentation process, is delicately steeped in a smoky fish broth. Served alongside spring onions, seaweed, and tofu, this dish holds a pivotal place in the Japanese kitchen.

More than a mere dish, it is a cornerstone of traditional Japanese cuisine, often enjoyed throughout the day, embodying the humble yet crucial role of this flavourful soup.

Dtom Khaa

THAI COCONUT SOUP WITH:
VEGETABLES 🌿
CHICKEN
PRAWNS (S)
MIXED (S)

This creamy coconut soup is infused with the aromatic essence of lemongrass and galangal. Served with vegetables, chicken, or prawns, this masterpiece is a harmonious blend of salty, sweet, and sour flavours.

Translating to "boiled galangal," Dtom Khaa embodies mild saltiness and sourness, accentuated by the freshness of lime juice. The popular Thai dish achieves a delightful equilibrium, combining the richness of coconut milk and cream with the zesty notes of lemongrass and the peppery kick of galangal.

Crab and Truffle Soup (S)

CRAB AND TRUFFLE EGG DROP
SOUP WITH CHILLI AND
CORIANDER

A royalty among seafood, sweet king crab leg meat is flaked and added to a modern version of an egg drop soup.

Named after its unique preparation technique of gently dropping raw egg into hot soup, this culinary masterpiece is aptly translated as "egg flower soup" in Chinese. The whisked egg creates mesmerising swirls, resembling a beautiful flower-like pattern, adding both visual allure and delightful flavour to this timeless dish.

SUSHI AND SASHIMI

An essential part of Japanese cuisine is sushi. Two staple ingredients that reflect the identity of Japanese cuisine, rice and fresh fish are perfectly balanced together. The freshness of the product and the precision in compiling the sushi is a delicate art that takes years to master.

Typically incorporating speciality meats and vegetables rolled in seaweed, sushi rolls are vibrant in colour and served with spicy wasabi and soy sauce. Serving pickled ginger to cleanse the palate between courses is a Japanese tradition.

(S)(G)(SE)

MIXED SUSHI AND SASHIMI PLATTER

Enjoy the best of both worlds with our mixed sushi and sashimi platter, which includes 3 varieties of uramaki, 5 selections of sashimi, and a nigiri platter.

The term "sushi" finds its roots in the Japanese words 'su' for vinegar and 'meshi' for rice. On the other hand, 'sashi' signifies to pierce or stick, and 'mi' refers to meat, highlighting the meticulous art of crafting these dishes. Sushi and sashimi-grade fish represent the pinnacle of seafood quality and are revered delicacies in Japanese cuisine.

MAYABAY SASHIMI *NEW STYLE*

The name sashimi comes from its translation, "pierced meat" and is a Japanese delicacy. Sashimi is thinly sliced raw seafood and meat that is characterised by its simplicity and skillful preparation technique.

The art of sashimi lies in the quality of the ingredients and the science behind the delicate preparation process of slicing the raw cuts. Only the highest quality fish is served as sashimi. To appreciate the taste of soft, premium-quality meats, this dish is eaten raw and can be accompanied with wasabi, soy sauce, and pickled ginger to cleanse the palate.

MayaBay Tuna Sashimi

(G)(SE)(A)

TUNA SASHIMI WITH SOY SAUCE AND SESAME

Premium Japanese tuna is delicately cooked on the outside and expertly sliced into exquisite sashimi. Each slice of tuna is adorned with the freshness of spring onion and bathed in a tantalising sauce crafted from sake, smoked soy sauce, and a subtle hint of fruity lime.

This innovative take on tuna sashimi goes beyond tradition, requiring meticulous care and precision in the art of lightly steaming the meat. The result is a delectable and light appetiser where high-quality ingredients shine in their purest, simple form.

MayaBay Beef Tataki

BEEF TATAKI WITH SOY SAUCE AND GARLIC

Exquisite flavours of the beef tenderloin are encased in a peppery crust and meticulously seared on all sides, creating an aromatic sensation. Drizzled with a luscious garlic soy sauce and crowned with the crisp freshness of radish cress.

In the tradition of healthy Japanese cuisine, our beef tataki showcases the art of lightly searing the fillet, allowing it to remain rare on the inside. As the king of beef cuts, the fillet's unparalleled tenderness is beautifully presented, akin to the finest sashimi.

MayaBay Scallop Sashimi (S)(G)(SE)

SCALLOP SASHIMI WITH BLACK TRUFFLE

Sweet sea scallops are meticulously sliced and served in their raw perfection. Adorned with a tantalising layer of spicy and crispy tempura flakes, providing a delightful crunch, the dish reaches new heights of texture. Elevating the experience further, a drizzle of truffle mayonnaise and finely sliced truffle shavings impart a rich and luxurious flavour profile.

Japanese sea scallops, renowned for their sweet taste and buttery texture, take centre stage in this exquisite culinary creation.

MayaBay Wagyu Sashimi (G)

WAGYU BEEF WITH PONZU SAUCE

Renowned for its exquisite marbling, Wagyu delights the palate with a perfect balance of fat, imparting a velvety texture and juicy richness. Our culinary masterpiece involves a brief searing of the beef in black pepper, followed by precision slicing and a topping of spicy white radish and spring onions, harmoniously served with ponzu sauce.

This delectable beef is a testament to meticulous cattle breeding and stringent regulations, ensuring an unparalleled level of tenderness and flavour.

MayaBay Yellowtail Sashimi (G)(SE)

YELLOWTAIL SASHIMI WITH GINGER AND LIME

Delicate slices of Japanese yellowtail are elevated with a tantalising Japanese wasabi and citrus vinaigrette. The sashimi is generously bathed in a mildly spicy acidic sauce, heightened with the richness of toasted sesame oil and the subtle crunch of finely diced onions.

Native to the Northwest Pacific Ocean, Japanese yellowtail offers a mild and delicate taste with a soft, premium texture. A testament to our commitment to quality, only the finest sashimi is served.
